

Brahma Kumari Mohini

Additional Administrative Head of the Brahma Kumaris

Brahma Kumari Mohini is the Additional Administrative Head of the Brahma Kumaris, based in Mt Abu, India. Previously she served as Regional Coordinator of the Brahma Kumaris' activities in North and South America and the Caribbean.

She was born in Delhi, India, in 1941 to a philanthropic family and was educated at the University of Delhi. She holds a Bachelor of Arts degree in history, political science and journalism. Her early choices in life were affected by witnessing human suffering during the partition of India. She began to see that, though humans do suffer from outside causes, there are inner ways to alleviate suffering through spiritual knowledge and practice. She was devotional from childhood and read widely about philosophy and religion, studying masters, such as Swami Vivekanand and Swami Ram Tirtha.

She met the Brahma Kumaris when she was 11 and began studying and serving with the BK's at 16. At age 22 she chose to live a surrendered spiritual life. For over 60 years she has opened new fields of service for the organization, establishing a regional headquarters for the Americas in 1978 and representing the BK's as an NGO at the United Nations from 1981.

Sister Mohini is a deep and subtle introvert who spends much of her time in contemplative silence. She continues to speak widely and write about the role of awakened consciousness in a world in search of wisdom, reflection and transformation.
